

“Delicious” color describes April Cornell’s spring collections. Rose Jacquard, Garden Plaid and rose-vined Eden Yellow.

Fresh Color is Just Around the Corner

On the first sunny days you can bet the local nurseries are the busy places to be as we seek a head start on blooming color. While we wait it out, **April Cornell will deliver some color punches that work their magic indoors.** You’ve no doubt read that Turquoise is to be the décor Color of the Year. (While some of us are not quite ready to go back to much of that in our homes, it does look terrific to wear on nearly everyone!) **We vote for more yellow in our homes** right now. That doesn’t necessarily mean the color yellow by itself but as an accent (think a pot of daffodils), a pairing with other colors (such as blue) or notes of yellow within other colors (peachy tones, corals, browns, lime and toasty beiges. Hmm, I guess turquoise is just a blue with yellow in it!) The following are April’s new range of beautiful colors for your home:

- **Pinks**, of course! A *rose pink* reversible jacquard tablecloth, a *pale pink and lime green* plaid and a bordered floral of pink blooms on soft yellow.
- **Celery Green** and **Kitchen Kelly Green** (my name for that venerable vintage kitchen shade) in easy care reversible tablecloths.
- **Soft blue** jacquards, **navy and yellow** combos and **blue hydrangea prints** to set off your vintage collections.
- **Hot & Bold** plaids and prints as a background for pottery – your **Fiesta and Bauer** will love these. And there are some *nice Turquoise accents* here!

Spruce up that dining and kitchen area with her useful tea towels \$8.95 and tablecloths \$24.95-39.95 **now and do your garden when the ground is warm!**

Baby...

It’s Cold Outside

And an arid desert inside, or so your skin is shouting.

Winter heating starts to make us itchy about this time and lasts well into March. The cure is to treat your skin everyday during bath or shower with a nourishing dose of oil from **Crabtree & Evelyn**. Their easy to use **Bath & Shower Gel** is designed to be absorbed right when the skin is receptive to a healthy drink and to give your skin a soft feeling while enjoying the subtle scent all day. Use a little dab on a bath sponge or washcloth in one of your favorite fragrances: **Rosewater, Summerhill, Lavender or Nantucket Briar**. **Special price \$12.95, reg. \$16.95.** Follow up with a matching lotion, also on sale \$14.95, reg. \$18.95.

The Importance of Being Connie

Oscar Wilde’s Earnest couldn’t have been luckier than these two local ladies who won our recent drawings. **Connie Worthington**, Canby, was the winner of our Crabtree & Evelyn Kensington picnic basket and Oregon City’s **Connie Jarrett** won an antique Roseville vase during Aurora’s Oregon Food Bank drive. Congratulations ladies!

Now sit down at your computer and send us your email address.

No, we aren’t discontinuing our printed newsletter, we know you love to find that comfortable chair with the cat on your lap while you read it. But we do send “Karen’s Email Blast” at the beginning of each month which updates you on added events and special deals (even free gifts) that aren’t in the newsletter. Email us at Karen@TimeAfterTimeOregon.com. (If you previously signed up and aren’t receiving these blasts [more like a small toot], it could be because your email address couldn’t be read accurately. Please email us with it again.) And has anyone seen **Emily Blunt** in *Young Victoria* yet? What’s the verdict on this new movie?

Take a break from the gray drizzle with the quick trip to Aurora. You’ll be back IN THE PINK when you walk through our door!
