### Warming things UP!

We love to fill the shop with 'heart-warming' pinks and reds as we start off the new year. What could fit more into the sentimentality of the Valentine season than a town of antiques and the romantic meanderings of a browser's paradise here?

This year Aurora invites you to spend a day here during our **Valentine week, February 11-14**, when our shops will provide a whole list of things to inspire this special day of the year.

As usual, we like to get things off to an early start so *we are set up now* to show you all of our pretty Valentine ideas. Get your own home out of the post-holiday letdown and into some fresh looks that will warm up the tempo!

- The big news is by paper/fabric designer **Anna Griffin** who sends us *beautiful scraps, stickers and papers* so that you can create wonderful cards and decorations. Use these plus your own bits n pieces (lace, broken jewelry, beads, paper doilies, ribbons). We made hanging paper ornaments for a centerpiece 'tree'. Get a few friends together for an afternoon of tea and creativity or invite your grandchildren to have at it. What fun!

- 3-D *nostalgic cards* from **Punch Studio** by **The Gifted Line**. We have loads of them again. \$2.25-3.50.

- The "**Wittles**", teacup sized plush cuties by **Bunnies by the Bay**, feature a pink kitty or "so stinkin' cute" puppy, \$10.95.

- Valentine ribbons** with hearts, sheers, satins, glitters and fancies in pink and red.

- Sweet **Red or Gold glass heart ornaments** by **Bethany Lowe** – a treasured keepsake in a gift box. \$6.50

- Old fashioned **glittered red heart paper pulp ornaments** from **Primitives by Kathy**.

- Pretty rose strewn linens in winter pinks, gray/pink and laces by **April Cornell**.

- Your favorite chocolate-cocunut and chocolate-mint teas by **Harney**

**& Sons** plus the famous **Valentine Blend**, chocolate infused black tea with rose petals in an especially pretty Valentine tin, 20ct/\$10.50.

- Sparkly **heart earrings** from **Sweet Romance** jewelry of Los Angeles, guaranteed to light up the night and turn heads!
